FREIGHT CONGESTION!

With the ACUTE SHORTAGE of freight cars and the FREIGHT CONGESTION that exists at almost every IMPORTANT MARKET CENTER, it is becoming increasingly difficult to secure ANY KIND of merchandise without long and serious delay.

It is claimed by authorities that "the railroads" of this country NEED TWENTY THOU. SAND freight cars and TWO THOUSAND additional locomotives to handle the PRESENT AND PROSPECTIVE "movement of transportation." Furthermore, the ROLLING STOCK of the railroads at present, it is said, is in BAD ORDER CONDITION to an alarming extent, caused by the abuses of overloading during the active war period.

In addition to these conditions, there is in prospect in the near future a BIG INCREASE IN FREIGHT RATES, and, everything considered, HIGHER PRICES OF FOODSTUFFS will probably result.

We want OUR CUSTOMERS TO KNOW that for months we have ANTICIPATED THESE CONDITIONS as far as possible, and have governed our buying accordingly.

We have done OUR BEST to keep our "stocks up" and to be able AT ALL TIMES to prove a DEPENDABLE SOURCE OF SUPPLY. And we also have been CONTINUALLY SELLING goods at prices UNDER REPLACEMENT costs, but with all this, in many instances, long delays in receiving "car lot shipments" has caused a disappointment to OUR CUS-TOMERS and crippled our USUAL SERVICE.

Certainly if ANY ORGANIZATION can "get the goods" the Bowers Stores, with their LARGE CASH BUYING POWER and with their LONG AND VARIED EXPERIENCE reaching back nearly NINETEEN YEARS, should be able to supply the trade satisfactorily, but they cannot combat conditions BEYOND THEIR CONTROL.

If you DO NOT FIND ALL that is wanted at a Bowers Store you can now better appreciate the "reasons why," and, generally speaking, it is doubtful if ANY OTHER ORGANIZATION will have any "better luck."

In conclusion, it is most gratifying to feel that OUR SERVICE to the people of Memphis HAS BEEN APPRECIATED to the extent of AN ENORMOUS INCREASE in our volume of sales, and we take advantage of this opportunity to THANK YOU from "the bottom of our

hearts.''
